Brisa 2000

Designed For Ultimate Versatility

Like celestial bodies gracefully orbiting in the night sky, the Brisa Ceiling Fan brings movement, elegance, and function together in perfect harmony. Its lunar-inspired counterweight revolves effortlessly around a striking spherical gear housing, creating a mesmerizing 360° motion. The fan head adjusts within a 180-degree arc, allowing for precise, optimized airflow. The steeper the tilt, the faster the axial rotation, offering a dynamic yet controlled breeze tailored to your comfort. The Brisa enhances the efficiency of heating and air conditioning, circulating air with effortless sophistication. Crafted from cast aluminum, heavy spun, and stamped steel, this masterpiece of design and engineering is built to last—and backed by a limited lifetime warranty.
